

Getting Started

Welcome to the credentialing page! If you are sensing a call to ministry and desire credentialing, this is a good place to start. Hopefully you have had conversations with your pastor and others in your congregation, and they sense and confirm a call of God in your life. The Church of God credentialing process is called Leadership Focus (LF). The process consists of two parts: (1) an online process where you will walk through modules with other candidates; (2) several meetings with the credentials committee.

First step: we ask that you provide, at the time of initial contact with the Committee, a letter of reference from a recognized COG pastor describing your church involvement and endorsing you for the credentialing process.

Next step: contact Clint McBroom (contact information below). He will describe the process for you including fees and etc., help you determine if this process is for you, and if so, get you connected to Leadership Focus (LF).

There is a one-time \$50 fee made payable to Kansas Ministries for the administration cost of the credentials committee. Please send check to: Kansas Ministries, 2350 N Covington Ct. Wichita, KS 67205.

If after the discussion with Clint, you still desire to pursue credentials with the Church of God, know that we will be praying for you. We trust you will enjoy the process and have a fruitful ministry.
